

Master Program of Department of Electrical Engineering of NCYU of Taiwan

Welcome to Department of Electrical Engineering of NCYU

MS Degree Tracks:

EE-NCYU consists of 3 study tracks: (1) Control Engineering and Applications, (2) Power Electronics and Applications and, (3) Communications and Applications.

Academic Supporting:

We have excellent academic supports for international students. Basically, the professors in EE department of NCYU with outstanding academic performance, to provide foreign student one-on-one tutoring on subjects/academic training they need assistance. Furthermore, NCYU provides free tutoring for certain Chinese learning courses at the language center.

Note of the Course Information:

Most of the courses in MS programs are instructed in Chinese, and partially in English. However, the most professors could communicate with the students in English.

Language Supporting:

NCYU offers courses at the beginning, basic, intermediate, and advanced levels for international degree students. The classes are offered in different levels to fit each student's needs. This is a great opportunity for anyone who wishes to learn Chinese well and has an in-depth understanding of Taiwanese culture!

Scholarship:

The foreign students can register the scholarship for the MS degree. For example, the scholarship is offered by R.O.C. (Taiwan) government (MOE, MOFA, NSC & MOEA) and provides for international students studying Bachelor, Master or Ph.D. program in Taiwan.

Master: NT\$ 30,000 per month. Please see MOFA website for nearest embassy or representative office. The reference link:
