

Scholarship Program for orchid R&D

National Chiayi University

Passed by college directors at the fourth meeting of school year 96, on November 14, 2007

Rule 1. This scholarship program, which is provided by National Chiayi University (NCYU), is to foster domestic orchid research and development and to lay the foundation for world No.1 orchid industry.

Rule 2. The orchid R&D team of NCYU raises funds for this scholarship program from domestic orchid industry or individuals. The funds are incorporated in the academic funds of NCYU. The allocation for each year will be 200,000 NT dollars in principle.

Rule 3. Graduate student (except for the On-job Master program) of NCYU who is engaged in orchid R&D is qualified for this scholarship program.

Rule 4. The scholarship program is applied during the time from Oct. 1 to Oct. 15 annually.

Rule 5. The annual maximum amount for each is 100,000 NT dollars. The quota is deliberated and decided by the scholarship program committee.

- Rule 6. The scholarship program committee consists of five members, including dean of college of agriculture, two representatives of the orchid R&D team of NCYU and two sponsors.
- Rule 7. The applicant ought to fill out and hand in the application form (as the attachment) to the office of college of agriculture within the time mentioned above.
- Rule 8. This provision comes into force once passed or revised by the scholarship program committee
