

2016 Taiwan Railways of Popular Science-Activities at Minsyong Station, Chiayi County (05/04/2016)

To promote the awareness of popular science, a train entitled the Taiwan Railways of Popular Science travelled around Taiwan in four days. The train arrived at the Minsyong Station on May 4, 2016. We invited the students of Minsyong Elementary School and their parents to participate in scientific activities on board. When the train arrived at Tainan Station, a total of 180 people experienced the physics activities provided by the National Cheng Kung University.
