

Workshop for Early Childhood Education Research 幼兒教育研究 文獻小組討論

DESCRIPTION

The purpose of this workshop is to provide in-depth research-based information and networking opportunities to early childhood professionals, so they can support high quality child care, education, and early intervention services to young children and their families. Attendees of the workshop will be those desiring an advanced level of professional knowledge and skills and wishing to delve more deeply into current issues and trends in the early childhood field. Attendees who enroll in this course will read and discussion professional articles, and reflect on their experiences and professional growth as a result of participating.

OBJECTIVES

Participants will be expected to do the following:

- Acquire the latest research-based resources, materials, and information about best practices in their field of interest.
- Grow as a professional in order to improve the services provided to young children and families.
- Reflect on and share their knowledge from this course with those whom they work or serve.
